Network & Security Assessment

1 Business Information

Business Name

Contact Name

Title / Role

Phone

Email

Site Address

Assessment Date

Employees

Workstations

Servers

Primary Line-of-Business Software

Current IT Support (if any)

Multiple business locations? ☐ Yes ☐ No

If multiple locations, list addresses / how connected

2 Network Infrastructure

Internet Provider

Advertised Speed (down/up)

Router / Firewall Make & Model

Switch(es) Make & Model

Wi-Fi guest network separated from business network? ☐ Yes ☐ No

Managed (not consumer-grade) switches in use? ☐ Yes ☐ No

Structured / labeled cabling? ☐ Yes ☐ No

Any known Wi-Fi dead zones or connectivity complaints? ☐ Yes ☐ No

Notes on network layout, pain points, or dead zones

3 Physical & Environmental

Dedicated server / network closet or rack? ☐ Yes ☐ No

Climate controlled (AC / ventilation) in that space? ☐ Yes ☐ No

UPS / battery backup in place for critical equipment? ☐ Yes ☐ No

Physical access to that space restricted / locked? ☐ Yes ☐ No

Notes on physical environment

Network & Security Assessment

4 Security

Antivirus / EDR currently installed on all devices? ☐ Yes ☐ No

If yes, which product?

24/7 monitored (SOC) or self-managed?

Multi-factor authentication (MFA) enforced? ☐ Yes ☐ No

Formal password policy in place? ☐ Yes ☐ No

Employees received security awareness training? ☐ Yes ☐ No

Devices patched / updated on a regular schedule? ☐ Yes ☐ No

Any known past security incidents (breach, ransomware, phishing loss)? ☐ Yes ☐ No

If yes, briefly describe

5 Email Security

Email platform (M365 / Google Workspace / other)

Email filtering / anti-phishing product (if any)

SPF / DKIM / DMARC configured on the domain? ☐ Yes ☐ No

Dedicated email filtering / anti-phishing solution in place? ☐ Yes ☐ No

6 Backup & Disaster Recovery

Automated backups currently in place? ☐ Yes ☐ No

Backup location (local / cloud / both)

Backup frequency

Date of last successful restore test

Acceptable downtime (RTO)

7 Devices & Assets

Mobile Device Management (MDM) in place for phones/tablets? ☐ Yes ☐ No

Approx. average age of workstations

Other network devices present (printers, IoT, cameras)?

Notes on device inventory / hardware nearing end-of-life

8 Remote Access

Remote or hybrid employees? ☐ Yes ☐ No

VPN or secure remote access solution in use? ☐ Yes ☐ No

If yes, which product?

Personal devices (BYOD) allowed to access business data? ☐ Yes ☐ No

9 Software & Licensing

Operating systems in use (versions)

Any end-of-life / unsupported systems?

All software licensed and currently supported? ☐ Yes ☐ No

10 Compliance & Insurance

Compliance requirements apply (HIPAA, CMMC, PCI, other)? ☐ Yes ☐ No

If yes, specify framework(s)

Cyber liability insurance currently in place? ☐ Yes ☐ No

If yes, carrier / policy renewal date

11 Vendor & Renewal Dates

Domain registrar

Domain renewal date

SSL certificate renewal date

Other key software/license renewals

12 Client Priorities & Notes

What prompted this assessment? What's most important to fix first?

Client-stated goals / concerns

Budget range (if known)

Desired timeline

Additional notes

13 For SwyfTech Use — Findings Summary

Top risks identified

Recommended next steps

Assessed by

Follow-up scheduled

Additional findings notes

14 Client Acknowledgement

I confirm the information above accurately reflects our current environment.
